# Royal Baking Powder

## ABSOLUTELY PURE

Healthful cream of tartar, derived solely from grapes, refined to absolute purity, is the active principle of every pound of Royal Baking Powder.

Hence it is that Royal Baking Powder renders the food remarkable both for its fine flavor and healthfulness.

No alum, no phosphate—which are the principal elements of the so-called cheap baking powders—and which are derived from bones, rock and sulphuric acid.

ROYAL BAKING POWDER CO., NEW YORK.

### Mr. Anderson to Taxpayers.

"Owners of real estate should not be discouraged," said Lathrop Anderson, president of the Essex County Tax Board, recently, "because this year they are forced to assume an increased burden. I am in the class of realty holders myself, and I am not worrying. It may be bad enough for us this year, but next year things will work out very differently, and I should not wonder if, in proportion to the value of property, taxes will be lighter than they were last year."

"The equal taxation legislation has not yet had its full application. For one thing, we are not receiving this year any part of the increased amount which is expected through the new method of taxing the railroad main stem. After the rates are determined in the various localities throughout the State, these rates are forwarded to the State Board, which figures out the average and applies it to the main stem. After this, the railroads have a certain time in which to pay up and protest, and in the meantime the local tax bills are sent out. If we could have this railroad money this year, the situation would be different, but should amounting faith in the equal taxation idea, providing the men behind it are allowed to carry out their plans, and I know that in such a case it will work out to the satisfaction of us all. The taxpayers should not be impatient, but should look to the future for redress from any present grievance, and lend what aid they can to bring about the solution of this question, which is of such importance at all times. A little faith is necessary; that is all."

The County Tax Board is being fairly deluged with petitions from small property owners requesting a reduction in their assessments. How to give them all the proper attention is a matter which is causing much perplexity. The work is very much greater, a member of the board said the other day, than he or his colleagues had anticipated.

### To Republicans.

We are anxious to have every Repub-  
lican in close touch and working in har-  
mony with the Republican National  
Congressional Committee in favor of the  
election of a Republican Congress.  
The Congressional campaign must be  
based on the administrative and legisla-  
tive record of the party, and that being  
so, Theodore Roosevelt's personality  
must be a central figure and his achieve-  
ments a central thought in the campaign.  
We desire to maintain the work of this  
campaign with popular subscriptions of  
one dollar each from Republicans. To  
each subscriber we will send the Repub-  
lican National Campaign Text Book and  
all documents issued by the committee.  
Help us achieve a great victory.  
JAMES S. SHERMAN, Chairman.  
P. O. Box 3063, New York, N. Y.

### Realty Notes.

Jacob Hambacher has sold his house  
in Hilarie place and has purchased a  
lot from Charles Greishaber on the  
southwest corner of Hilarie place and  
Olive street upon which he will build.

The good rentals received by the  
owner of a two-family house recently  
built in the Second district of the Third  
ward has attracted considerable atten-  
tion to houses of that class, and rumors  
of the erection of several of those  
houses are current.

Ground has been broken at Broad  
and Pitt streets for a two-story brick  
building which will add greatly to the  
attractiveness of the neighborhood.  
The owner is Adolph Siawinski, the  
architect L. Jerome Almar, and the  
builder John Sempler, all of this town.  
The building will cost over \$7,000.  
Trenton brick will be used on both the  
Broad and Pitt street facades, "buff"  
brick being used to emphasize a few  
details and give character to the design.  
The whole will be surmounted with a  
metal cornice. The store will have a  
full plate-glass front and metal ceilings.  
The three apartments, three in number,  
will contain all modern improvements,  
including steam heat and baths. There  
will also be separate street entrances  
and private halls.

Spatz & Law have the contract for a  
new house for A. H. Edgerley in Hin-  
richs place.

### Inter-State Fair.

All of the civilized world has heard  
of Knabenshue and his wonderful per-  
formances in the most modern and  
successful of all air ships, but this  
really great man with his great inven-  
tion has been seen by but few people.  
An excellent opportunity to see Knabenshue  
and to witness his aerial  
wonder will be afforded by the Inter-  
State Fair at Trenton, N. J., from  
Monday, September 24, until Friday,  
September 28.  
The management of the Inter-State  
Fair negotiated with Knabenshue three  
weeks before a contract was finally  
closed for his appearance at this exhibi-  
tion. This long-drawn-out negotiation  
was due to the demand for Knabenshue.  
The determination of the Inter-State  
Fair to bring him to Trenton for Fair  
week made it possible for Knabenshue  
to get his own price. His contract  
calls for appearances and flights over the  
Fair grounds every day of Fair week,  
and performance is guaranteed by a  
forfeit of \$2,000, which is posted.

### W. C. T. U.

Bloomfield Woman's Christian Temper-  
ance Union will be held on Tuesday,  
September 18, at 2 P. M. at the home of  
Mrs. C. Van Wagoner, 21 Spruce street.  
The annual reports for the year will be  
read, and the election of officers for the  
coming year will be held.

## Blended— Not "Mixed"

Hotel Astor Coffee is the exact  
blend that years of experiment  
has shown to produce the richest,  
smoothest, finest flavored coffee.  
Those who have been buying  
"mixtures" represented to be  
"Mocha and Java" under the  
impression that they were getting  
the best coffee, will be delighted  
and astonished by the flavor,  
price and economy of

## HOTEL ASTOR COFFEE

In order that its full strength and delicious flavor may reach the  
consumer unimpaired, it is always sealed in air-tight tins, immedi-  
ately after roasting. Never sold in bulk.  
Most delicious because none of its flavor has been lost by exposure  
to the air. Most economical because its thorough roasting and full  
strength permits the use of a less quantity.  
Originally blended for the use of the Hotel Astor in New York,  
where it is served exclusively. The famous Hotel Astor recipe is in  
every tin. Try it and you will never use any other.  
Hotel Astor Coffee is sold invariably in sealed tins at 50c per pound.  
If not at your grocer's, send us his name and we will see that you  
are supplied.

### Municipal Ownership.

In view of the agitation prevalent  
throughout the United States during  
the past year with regard to municipal  
ownership, the reported interview in  
Berlin with Mayor McClellan of New  
York, which appears in the New York  
Commercial of the 17th instant, is of  
particular interest. The Mayor is  
quoted as saying:

"I have kept my eyes wide open for  
evidence of successful municipal opera-  
tion, particularly in Germany, which is  
constantly held as an example, but I  
have failed to find it. I have discovered  
conditions in cities like Frankfurt and  
Dresden, which own their street rail-  
roads, which no American community  
of second rate importance, to say nothing  
of New York or Chicago, would tolerate.  
Not only is the traffic of these  
places insignificant, judged by Ameri-  
can standards, but it is handled inade-  
quately and inefficiently.  
"The conditions in Great Britain,  
with the possible exception of Glasgow,  
where our cousin, Mayor Duane of  
Chicago, has been taking lessons, are  
even worse than on the continent. The  
British tramways act of 1873 gives  
municipalities options upon franchises  
before the franchise is sold, and the  
result has been perpetuation of old  
fogeyism and the stunting of private  
enterprise. My European observations  
convince me more than ever that  
municipal operation is the last desper-  
ate means which ought to be resorted  
to only when private enterprise has  
absolutely failed."

### PURE FOODS.

## THE "FIGGE" HAM.

The Figge packing and curing plant is an  
immense establishment where cleanliness is  
insisted upon in a strictest sense.

Every one of the corn fed hogs which are  
constantly received by us must pass under the  
trained eye of United States government in-  
spectors on duty at our factory. Only such as  
are up to required standard are used for food.  
Figge Hams are cured by a private process  
(used by us for years) producing a most de-  
licious flavor peculiar to their own, and the  
meat is of a delicate pink color, moist, sweet  
and tender. No injurious preservatives of any  
kind are used in our pork products.

Insist on Having the Figge Brand  
and do not allow your dealer to give you any  
other.

This is the Day of  
**PURE FOODS.**

PURITY SIGNIFIES HEALTH.  
Goodheart Extracts are pure—being pure  
not less in proportion than adulterated ex-  
tracts, as less of Goodheart's Extracts are re-  
quired for the flavoring of foods. Then, too,  
Goodheart's Vanilla

(as do all their extracts) produces richness of  
flavor peculiarly its own.  
Always insist on having the best of extracts  
(GOODHEART'S), as cheap extracts are poison-  
ous. Don't forget, the name Goodheart stands  
for extract excellence.  
If your dealer does not sell our extracts send  
us his name and address and we will see that  
your order is filled.

Butter a valuable article of food.

steadily) it is therefore very nutritious and  
easily digested.

THERE IS NO BETTER BRAND  
of Peanut Butter on the market than "Eureka,"  
as it is being constantly used by families in  
their daily diet.  
Recommended and sold by first-class grocers.

to the housewife's problem is the gas range. It
